

Prof. Baljinder Singh

Dean

Indian College of Nuclear Medicine

PGIMER, Chandigarh

Brief Bio

Dr. Baljinder Singh (PhD) is Professor in the Department of Nuclear Medicine at PGIMER, Chandigarh. He has more than 150 publications mostly in International Journals. He is currently the Dean-Indian College of Nuclear Medicine (ICNM)- which is an academic wing of the Society of Nuclear Medicine-India. He also remained secretary –ICNM for full term of 4 years from 2009-2013. During his tenure he has been instrumental in making the college visible and vibrant by organizing ICNM-CME in different parts of the country and by enrolling many new members and fellows of the college. In 2010, as the organizing secretary of the 42nd SNMI annual meeting -organized ICNM meeting under co-operation with the German Research Foundation (DFG). ***In 2013, he organized the '2nd World Congress on 68Ga (as President of the congress-click on the congress website: www.2ndworldcongress-ga-68.de) and PRRT*** which was attended by more than 550 delegates from 56 countries (historic event in the History of Nuclear Medicine in India) followed by organization of a 'Hands On Training workshop' at INMAS, Delhi This world event was organized with funding from many national (DST, ICMR, AERB, BRNS) and International agencies (IAEA, DFG, IUSSTF). He is an academically active member in the fraternity of Nuclear Medicine and has guided a large number of M.Sc, MD, MS and PhD students and has significant number of ongoing/completed research projects. He is on the reviewers' panel of a large number of specialty journals. He is very regular in attending the society meetings (SNMIndia, ISNM-USA, EANM-Europe). He has the opportunities to work and collaborate with Nuclear Medicine stalwarts from worldwide like Prof. HJ Biersack (Bonn, Germany), Prof.P Grammaticos (Thessaloniki, Greece), Prof. Richard P Baum (Bad Berka, Germany), Prof. ML Thakur (Jefferson, US), Prof. Michael Schultz (Iowa, US) and Prof. HJ Wester (Munich, Germany), Prof. Carlsen (Odense, Denmark). Dr. Anil Mishra from INMAS DRDO is his main Indian Collaborator and we are going a sizeable number of research projects together.
